

Air-001 27" x 40"

Baggage Allowance

For travel between the U.S., Canada and Europe, and the U.S., Canada and all other regions except Europe in the Caribbean, Mexico and Bermuda, except Puerto Rico and the U.S., your baggage allowance is the same as baggage allowance for checked baggage carry-on for your personal item.

A fee will be imposed if checked baggage exceeds a weight of 70 pounds (32 kilograms), including weight and weight per piece, or if the total number of pieces checked exceeds 5 pieces.

For information about delayed checked baggage policy, Delayed or Damaged Luggage.

Please claim promptly with local Baggage Services office. If necessary, baggage may be stored for 30 days for claims. The Department for further testing and claim processing (checked baggage claims) will require a baggage claim check, which must be filled out no later than 24 hours after travel has been completed.

Baggage Allowance
24" x 24"

Air-002

Free Baggage Allowance

For each checked customer, we will transport free of charge a maximum of three bags:

- Up to two (2) bags may be checked free of charge.
- One (1) bag may be transported as carry-on.

Each piece of baggage to be checked without charge cannot exceed a weight of 70 pounds and dimensions of 62 inches. In overall length, width and height.

An extra charge applies for additional overweight, and/or oversized pieces. In general, we accept baggage that weighs more than 300 pounds and/or baggage that measures in single dimension more than 125 inches or combined dimensions exceeding 165 inches. Special items such as cars, surfboards, bicycles, scuba equipment, etc. are not included in the customer's free baggage allowance and are subject to extra charge.

Carry-on baggage is limited to one piece per customer, plus a personal item such as a purse, briefcase, laptop, small backpack, diaper bag or camera case. The personal item cannot exceed total overall dimensions of 38 inches, and the other item of baggage cannot exceed the following maximum dimensions:

- Waist Case—40x12x45
- Overnight Shoulder—18x6x6
- Underarm Shoulder—18x6x2

Both items cannot exceed a total combined weight of 40 pounds. Carry-on baggage allowance may be restricted due to lack of space.

Air-003 27" x 40"

YOUR BAGGAGE

- You must check luggage no later than 30 minutes before flight departure because of heightened security. If you miss that cutoff, you won't be able to check the luggage and will have to take a later flight or leave the luggage in your car and take carry-on items. Your luggage cannot go on another flight to be picked up later because the government requires that airlines match every passenger with every bag for security.
- Please do not bring unwrapped gifts through security screening. Unwrapped gifts have a high probability of being unwrapped and hand inspected. You should place them in your checked baggage.
- Carry-on baggage will be limited to one bag plus a personal item per passenger. These personal items include a purse, briefcase, laptop or backpack. Please contact your airline for details.
- **Film:** Don't pack film in checked luggage. New bomb-detecting machines will run undeveloped film. Pack it in your carry-on bag.
- All laptops must be removed from their cases. They are subjected to both x-ray and ETD inspection. The cases, without the laptops, must be x-rayed.

Air-004 27" x 40"

Control all carry-on bags. Never leave anything unattended as it could be subjected to tampering. Report any unattended packages or baggage anywhere in the airport or on the airplane to airport security personnel or airline personnel.
